Dear Base Realignment and Closure (BRAC) Cleanup Team (BCT) Members:

SUBJECT: FINAL FINDING OF SUITABILITY FOR TRANSFER (FOST) #4 FOR CARVE-OUTS
I-B, I-E, I-G, I-H, I-I, I-J, I-L, I-M, I-P, II-G, II-I, II-P, AND III-D, FORMER MARINE
CORPS AIR STATION (MCAS) EL TORO, CALIFORNIA

Submitted for your records is the Final FOST #4. During the Public Comment Period for the November 2008 Draft Final FOST #4, the Navy received No Further Action concurrence from the Santa Ana Regional Water Quality Control Board for the petroleum corrective action within Carve-Out (CO) I-L. Based on receipt of the December 2, 2008 letter, all restrictions associated with CO I-L identified in the November 2008 Draft Final FOST #4 were deleted. All text, figures and tables associated with the CO were updated to reflect that no further action related to the underground storage tank release is required. The Navy will pursue the Resource Conservation Recovery Act (RCRA) Corrective Action Complete Determination as part of a separate action at a later time.

If you have any questions or need additional information regarding this document, please contact Ms. Deb Theroux at (619) 532-0919.
